

ArmorTech®

SureZone®

Turf Herbicide

SUREZONE® for Fast Broad-Spectrum Weed Control

SUREZONE® Turf Herbicide offers rapid and effective broad-spectrum weed control for common and troublesome weed species in turfgrass, including: dandelion, spurge, white clover and dollarweed (pennywort)

SUREZONE® contains four proven ingredients (sulfentrazone + 2,4-D + MCPP + dicamba) and is labeled for use on most cool and warm-season turfgrasses.

BENEFITS AND USES

- Fast visual response
- Water-based formulation
- Suitable for applications up to 90°
- Rain-fast in 6 hours
- Reseed in 3 weeks
- Better cool-weather performance compared to the economy brands
- Ideal for golf and lawn care applications
- Energized with sulfentrazone (protox inhibitor) which causes the weed cells to explode--resulting a fast visual response

Always read and follow the product label for specific uses, rates and precautions. For more information visit www.UTAArmorTech.com
