

PGR 113

ArmorTech[®]

FOR TURF GROWTH MANAGEMENT

PRODUCT INFO

- » Active ingredient: Trinexapac-ethyl 11.3%
- » Will dramatically improve overall plant health while regulating growth
- » Can be safely tank mixed with any ArmorTech[®] product
- » Increases turf density and decreases water needs
- » Compare to Primo MAXX[®]
- » For best results, turf regulation with PGR 113 MC should begin before summer stress arrives and should continue weekly or bi-weekly as desired

KEY BENEFITS:

- GIVES TURF THE EXTRA VIGOR IT NEEDS
- REDUCES TRIMMING FREQUENCY
- MIX WITH YOUR FAVORITE FOLIAR FERTILIZER TO INCREASE AESTHETIC APPEAL OF BUNKER SLOPES OR OTHER AREAS REQUIRING FREQUENT MOWING
