

GUILLOTINE™

EXECUTE A BETTER PLAN FOR INSECT CONTROL

ArmorTech® Guillotine is a fast-acting 50% WDG formulation of Clothianidin that provides preventive and curative control of both grubs and surface-feeding insects

ArmorTech® Guillotine controls white grubs and other insects for an extended length of time due to low water solubility and its ability to remain in the turf/soil interface area longer than other neonicotinoid chemistries

BENEFITS AND USES

- Preventive and Curative Control of White Grubs with longer residual
- Broad Spectrum Control of other Soil and Surface-feeding insects like ants, billbugs and pyrethroid-resistant chinch bugs
- Labeled for use on turfgrasses, ornamentals, interior plantscapes and non-bearing fruit and nut trees in a landscape

APPROVED MARKETS

- Golf Course Turfgrass
- Athletic Turfgrass
- Residential Turfgrass
- Sod Farms
- Commercial Turfgrass
- Landscapes

FORMULATIONS/RATE

50 WDG
turfgrass
6.4 to 12.8 oz/Acre
