

4-Runner

ArmorTech®

FOUR-WAY SELECTIVE POST-EMERGENT HERBICIDE

PRODUCT INFO

- » An alternative to 2,4-D formulations, 4-Runner provides excellent control of the toughest broadleaf weeds
- » Excellent post-emergent activity with proven performance for broadleaf weed and nutsedge control
- » Improved cool-weather performance over amine 3-way herbicides
- » Observable results within hours of application
- » High level of turfgrass tolerance when applied to cool- and warm-season grasses

SELECTIVE CONTROL AGAINST:

- MORE THAN 90 BROADLEAF WEEDS AND SEDGES
- CLOVER, OXALIS, BLACK MEDIC, DANDELION, PLANTAIN, AND GROUND IVY
- YELLOW NUTSEGE
