

0-0-26

GUARANTEED ANALYSIS:

Soluble Potash (K₂O).....26%

Derived from potassium phosphite

GENERAL INFORMATION

ArmorTech® 0-0-26 is a highly concentrated potassium phosphite formulation designed to deliver supplemental potassium. **ArmorTech® 0-0-26** aides in correcting nutritional deficiencies and combating plant stress. This product is intended to be used as a supplement to a well-balanced fertilization program. Thorough coverage of foliage is necessary for best results when used as a foliar treatment. Avoid foliar application under extremes of climate and stress. For additional information on product or programs, or if you are unfamiliar with any of the application methods, contact your United Turf Alliance representative.

DIRECTIONS FOR USE

ArmorTech® 0-0-26 is highly concentrated material. Exercise precautions to prevent root or foliar burning, or soil media pH changes. A compatibility test is recommended if applying **ArmorTech® 0-0-26** in combination with other materials to avoid potential incompatibilities. Prior to the addition of **ArmorTech® 0-0-26** to a spray mix, the user or application advisor must have experience with the combination or should have conducted a phytotoxicity trial. Do not mix with fixed copper or copper-based fungicides if the pH of the spray solutions is below pH 6. Use sufficient water to ensure thorough coverage. Conduct a jar test as needed to ensure compatibility with other products before tank mixing.

CONDITIONS OF SALE – LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

The directions on this label are believed to be reliable and should be followed carefully; injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or failure to follow the label directions, or good application practices, all of which are beyond the control of UTA (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops or animals. The Company warrants that this product conforms to the chemical descriptions on the label and is reasonably fit for the purposes referred to in the directions for use, subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied. Concerning the product, no warranty shall be implied by the law, nor is there any implied warranty regarding merchantability or fitness for any particular purpose.

Nursery & Horticultural Crops	2–4 qts / 100 gal	Apply in 100 gal water. Spray to runoff every 30 days.

FIRST AID

General	Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).
Skin	Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse.
Eyes	Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persist.
Ingestion	Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention.
Inhalation	Allow affected person to breathe fresh air. Allow the victim to rest.

HOTLINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1(877) 325-1840 for emergency medical treatment information.
When contacting a physician, have SDS and product label available.
For Chemical Emergency: Call CHEMTREC at 1 (800) 424-9300.

STORAGE AND DISPOSAL

Keep only in the original container in a cool, well ventilated place. Protect from freezing. Keep away from direct sunlight and sources of ignition. Do not contaminate water sources by cleaning of equipment or disposal of spray waste. Triple rinse container and offer for recycling if available, or dispose of in accordance with federal, state and local authorities.
